

# HOUSE OF THE TEMPLE

## RENOVATION UPDATE FOR FEBRUARY 2013

**D**URING FEBRUARY 2013, the Renovation Team continued investigation of the Entrance Level windows with the refinishing of the wood sash and trim based upon the earlier paint analysis. The interior wood sash were grained to look like mahogany. As the team moves forward to obtain the construction permit, the design of canopy over the accessible and service entrances is being refined. Based upon recent changes in DC Building Codes, the project will pursue LEED certification.

Primer, base coat and first layer of translucent glaze using combs and brushes to create texture.

Cluster leaders meet to coordinate the various efforts in the Big Room. Cluster leaders are responsible for schedule and budget as well as design.

"Graining" is a faux finishing technique that uses a combination of paints and glazes to transform wood from one species to another. Wood graining tools used by the craftsman to grain the sash.

# HELP US PROMOTE CELEBRATING THE CRAFT

WITH CELEBRATING THE CRAFT (CTC) 2013 only two months away, your assistance in promoting the webcast is needed now more than ever. Here are three ways you can help support CTC:

## 1. CTC FLYER

Print and distribute the downloadable CTC flyer we have on our web page at: [www.scottishrite.org/giving/celebrate](http://www.scottishrite.org/giving/celebrate).

## 2. CTC POSTER

By April 1, we will be mailing every Valley a CTC promotional poster. Please ensure that this promotional poster is utilized within your Valleys and displayed in a visible location and/or setting.

The flyer (above left) and poster (above) are both excellent ways to help promote the CTC in your Valley and Orient.

## 3. CTC LOGO

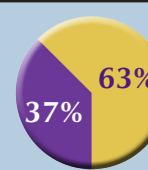

Earlier in the year we emailed each Active, Deputy, Personal Representative, and Secretary two different versions of our CTC logo. We asked if they could be added to

Valley and Orient websites and linked to our CTC web page at [www.scottishrite.org/giving/celebrate](http://www.scottishrite.org/giving/celebrate).

The presence of this logo will remind members about the event and when it's taking place. While this may seem like a small way to make CTC known, we have found that is small efforts like this that add up to success.

The use of these three promotional tools within your Orient would be a significant way to raise awareness of CTC. We greatly appreciate any and all efforts you can make to garner enthusiasm for the webcast.

Please contact Allison Godfrey of the Development Office at 202-777-3196 if you need the logo to be re-sent or if you have any other questions or concerns regarding the material above.
